	Additional Mathematics	Chapter 13: Increasing/ Decreasing Functions and Rate of Change (exclude Equation of Tangent & Normal) Chapter 14: Maxima and Minima Chapter 15: Differentiation of Trigonometric, Exponential & Logarithmic Functions	45 mins	30	Written	EXP				15-May	15-May	15-May			
	Additional Mathematics	Chapter 9: Applications of Straight Line Graphs Chapter 15: Differentiation of Trigonometric, Exponential and Logarithmic Functions Chapter 16: Integration	45 mins	30	Written	NA									16-May

## Absence during WA

Students should submit their Medical Certificate(s) if they are ill and unable to sit for any paper(s) when they return to school.  
For absence without Medical Certificate(s), the student will be given 'Absent' (AB) for the papers missed.  
Only Medical Certificates issued by a medical practitioner registered under the Medical Registration Act will be accepted.  
For absentees due to competitions, etc - VR is given only if students cannot be present during the paper itself. If they are in school at the time of the paper, they are required to sit for it.

## Guidelines for late/non-submission of take-home projects and assignments

All take-home projects/assignments which are submitted later than the due date will be penalised.  
In cases where late or non-submissions arise due to valid reasons (e.g. medical leave, hospitalisation leave, family emergencies, etc.), the grading of the assignment will be considered on a case-by-base basis.
